THE CITY'S HIDDEN STAGE

‘One of the most beautiful of theatres – a place that casts a glow around anything that’s put on there’

Research and Development Creative Residencies Autumn 2024

Complex artistic projects need space to develop and explore risk-free, to engage new audiences or artistic communities, and to showcase their work to venues and funders. We were very lucky to have Wilton's support, without which the project just would not have been made. (Sarah Bedi, Baz Productions, who developed *Der Process* at Wilton's)

Our Research and Development Creative Residencies enable small-scale companies and mid-career practitioners to work on creating pieces they otherwise couldn't afford to do. Wilton's offers one week in our Studio space free of charge, and facilitates any required showcases you may wish to pursue.

Wilton's will provide the Studio at no cost and if you decide to use some of your time to produce a reading, a workshop or a semi-staged performance we will manage the Box Office for you and give you 100% of the revenue.

If useful we can also offer mentoring from members of the Wilton's team. We can also provide you with a desk space in our offices for the week of the R&D.

If you are chosen then we would ask you to sign a simple agreement detailing what is expected of you and what we expect of you.
